Sign up for your back to school brigade back pack —EVENT IS 6 AUGUST
myOperationHomefront.org

KIDS Bowl Free Program available—see Strikers for more info

Parent Involvement

We would like you to share your memories of your 4th of July shenanigans. I would like some pictures so we can post on our CDC Facebook page, to highlight our families "quality family time". If you would like us to post a pic or share a story please send to char-telle.eichman@us.af.mil

COVID @ the CDC:

With the current COVID measures on base, we understand that mask wearing changes weekly. Please be mindful of the WOC guidance that comes out pertaining to masks! We are still trying to keep our kiddos safe and COVID free by continued limitation of visits to the classroom. The Child Development Center much like everywhere has had an uptick in cases to include young children. REMINDER if a household member is tested you are required to notify Public Health and the Child Development Center. If your child is quarantined due to exposure or illness your child may be quarantined for **10 DAYS!**
